

Hospitals

Here is a list of the hospitals and the doses of COVID-19 vax shipped to them as of July 25th 2022.

When seeking medical treatment, it is important to choose a hospital that -

1. respects free choice
2. provides informed consent
3. demonstrates their oath to do no harm
4. listens to their frontline doctors, rather than to corrupt politicians
5. believes in individual medicine, rather than one size fits all

Vote with your feet and with your pocket.
